2018

## FROM THE ADMINISTRATOR'S OFFICE

We have reached the end of a very successful school year in which we have seen so much growth and development in our learners. It is a privilege to get together at our Awards Evenings and Awards Assemblies to celebrate the successes of the school year. How wonderful it is to be able to pause as a whole community and to look back at what God has done in 2018. Life is often so very busy and demanding and we rush from one activity to the next as parents and staff. Therefore, the value of these events is incredible. It reminds all of us that the hard work and sacrifices we make are **absolutely** worth it! Looking back at the year, we do not only see academic and sport achievements, but we see learners alive in Christ- busy growing towards their life purpose in Him. And... we see parents and teachers cheering them on towards their full potential in Christ Jesus. **Thank you, Jesus!**

Every year I am reminded that a good school is more than a building. It is not merely the facilities that bring out the best in each individual, but rather a combination of a great programme, with tailor-made academic prescriptions, and committed teachers. Teachers who are committed to bring out the best in each individual and who treasure each child as a gift from God. This brings lasting growth and development in a child- in all areas. **Thank you, staff!**

A good school is also characterised by parents who understand that a child needs more than academic and sport training. A child needs spiritual training too. A child needs parents who are willing to commit to his or her spiritual care, both at home and school. A child needs parents who commit to good communication and loving support at home. Then only, do we get the results we are able to celebrate at this time of the year. **Thank you, parents!**

Every year at our Awards Ceremonies I am overwhelmed by the realisation that we are so very privileged to witness this type of growth in all our learners. Not only the ones receiving the top awards, but all the learners, because it is the individual growth of each learner that makes EPS the most wonderful place to be. **Well done, learners!**

The staff members Scripture for the year was Psalm 23 and it is the truth of this Scripture that I pass on to you and your family during this festive season. More than shiny gifts, great food and possibly a holiday destination, I pray that you will be able to pause and appreciate the most amazing gift of family. May God lead you to quiet waters and may His peace rest upon your family during the time of Christmas. The time where we celebrate our Shepherd and the peace and protection we have in Him. May He restore your soul and may your cup overflow! Even if you are still in the workplace during this time, we pray that all of the above spiritual blessings will be yours.

We are looking forward to receiving your children back at school to continue training up Christian leaders in 2019!

Mrs. Christa Greyling  
**Head of Governance**

## It is time to graduate!

King's Way had its annual concert and graduation on 23 November. It was a day to remember. We were joined by our parents, grandparents and friends. The learners entertained the audience by dancing and reciting their scripture verses. All the learners had so much fun!

Grade RR - Deep, Deep, Deep

Grade RRR – Bubble, Bubble Gum

Grade R – Rainbow Song

Grade R - Graduation

### His Servants Outing

For our His Servants outing we went to a police department. We went on the 9<sup>th</sup> of November. They showed us how they catch criminals by using fingerprints and D.N.A. They use powder and brushes. They also showed us about what machines they use to get thin fingerprints. Gift Mukash Gr. 5.

On the 9<sup>th</sup> of November the Grade 5's went on an outing to the forensic department in a mini-bus. When we got there, there was a policeman who showed us the directions around the police

department. After that he asked us questions and told us how he investigates and catches thieves. He also showed us some police officers work in the lab. A few minutes later he took us to his office and showed us fingerprints, thieves and car accidents of people. After that we came back to school.

Owami Cindi Gr. 5

On the 9<sup>th</sup> of November 2018 we went on a Field trip to Zamdela SAPS in Sasolburg. So when we got there we were looking around until we saw the police officer. He introduced himself and told us his name and we asked him a few questions. Well, my favourite part of the trip was when he showed us how to find fingerprints with different coloured torches so that we could see the fingerprints that were on the board. Our class gave them special gifts to thank them.

Laura Kalenga gr. 5

### Top 5 outing

We went to Emerald on the 16<sup>th</sup> of November for our Top 5 outing. It was fun! It was exciting to play ten-pin-bowling. My team won! Tshedza got the highest score and I got 2<sup>nd</sup> place. We played well! After that we went to the arcade. There we played in the outdoor area. We had so much fun. The food we ate was delicious. We had a hamburger, chips and Sprite. We played again after that and later we got ice cream. The Top 5 outing was fun. I hope that I will be chosen again to be Top 5. I wonder where we will go next?

My Top 5 outing: 10pin Bowling.  
Bongiswe pube Grad One.

**Honour roll Outing**

On the 8<sup>th</sup> of November me and my friends went on an Honour roll Outing to Whizz arts in Sasolburg. We went on this outing because we worked hard during the previous term. On the outing there were six girls and only one boy. On the outing we painted. All the girls made a house and the boy made a cemetery. Before we finished our houses we had lunch. I had pancakes filled with mince and cheese and everybody else had ham and cheese. After our lunch we finished our houses and after we finished our houses the teacher allowed us to buy some stuff. While we were buying someone took my friend's money and she looked and she looked for her money, but she never found it. Then she cried and cried, then the teacher gave her money. Hadassah Mayombo Gr. 4

On Friday the 16<sup>th</sup> of November we had our quarterly Honour Roll outing. We all decided to go to the Emerald resort in Vanderbijlpark. We specifically wanted to go bowling and we definitely had a blast. After bowling, we went to eat and dine at a restaurant. Sitting down and discussing teenage problems and struggles with my friends is always great fun. After dining, some of my friends and I decided to sit outside under a tree and just take in the river view. How nice it

was to acknowledge the Lord's greatness! The Honour Roll trip was definitely a success.  
Bokgoni Mokhatla Gr. 8

The grade 8 – 12 Honour Roll outing this term was to the Emerald. We went to go play Tenpin bowling. We played one round and I came third. When we finished we went to go get food. Some went to Wimpy others went to Sausage Saloon. I chose Wimpy and had a lovely burger. While we were waiting I decided to do my homework just to pass some time. After we ate we just relaxed in the shade and spoke about

our lives and families. Overall the trip was enjoyable.

## The Almost Christmas Social

Emmanuel's seniors and juniors were having a social, taking place at Emanuel Private school at the White house on the 22<sup>nd</sup> of November 2018, on a Thursday evening. So, the social was a blast, we were socialising and having fun, we played a lot of games and we were also dancing to music. What a vibrant night. We enjoyed our own "braaied" meat with the Social committee's famous potato salad and tasty fruit punch. All the learners played musical chairs, let me tell you, that game was intense and rough, we haven't had so much fun in a long time. We also went hunting for Christmas decorations. Lelani, Tebogo, Ntando and Mpho got gold medals and Lelani and Ntando won some chocolates. What a night! I enjoyed it because I was socialising with some of my friends. I enjoyed the excitement and the music that was playing. Emmanuel's socials will always be the highlight of my year.

Tebogo Mabuza Gr. 10

As part of the Social Committee I must say that I really enjoyed the last social for the year. We worked really hard to prepare the "Christmas Themed" pool party and braai, and I think it was a success. The food was good and so was the company (there are only so many high school students in the world that would play musical chairs). I can't wait until next year and I hope from the inner most depths of my heart that I will be on the committee again.

James Grant Gr.10

On the 22th of November, the High School had a Christmas pool party. It was so much fun because everyone was in a festive mood and we all had a ball. We had an epic game of musical chairs, some people played thirty seconds, some people were swimming in the pool and we had a scavenger hunt. We also danced a lot! The music was great so the vibe was amazing. The food was really good. It was a bring and braai, so people brought the meat and made it however they wanted. We had garlic rolls and salads with the meat. To make it even better we had ice-cream and I couldn't get enough of it. The Christmas party was a huge success.

Rethabile Masooa Gr. 8

This year I was part of the Social Committee and it was a wonderful experience. I was the secretary, so I had to book the venues, equipment and do the paper work, like the program. I never thought that I would become close to the other members, but I did. It was truly a great experience. It is amazing to see the planning and all the effort that went into it come to life on the nights of the social. I would love to be part of this committee again.

Amira Nasir Gr. 9

## **Learner of the month November**

### **Palesa Mokoena - Kingsway**

Palesa is a well-mannered and considerate girl. She is quick to help those around her. Palesa works diligently and independently on her academic work. She enjoys sharing with her friends.

**Learner of the month November**

**Olivia Oosthuizen Grade 1**

Olivia has grown a lot in the past month. Even though she had been sick for a few days, she did not give up and finished strong. She helps in and around the class and treats her friends well.

## **Learner of the month November**

### **Tshiamo Kgosietsile Grade 5**

Tshiamo not only showed determination and commitment to her work, but also did everything with quality in mind. She is respectful to her teachers and peers. She is a learner to be proud of.
